

A little space. A simpler week.

Your weekly cleaning checklist

Move the days to fit your week. Split bigger tasks. Keep fresh mess and clear paths first.

WEEK OF _____

☐ **Every day**

Dishes, food spills, clothes, a clear walking path, and rubbish check.

☐ **Monday**

Bathroom: basin, toilet, and visibly dirty shower or tub surfaces.

☐ **Tuesday**

Dust accessible surfaces; clean frequently touched areas as needed.

☐ **Wednesday**

Vacuum or sweep. Mop only where floor care instructions permit.

☐ **Thursday**

Kitchen: sink, stovetop, and refrigerator check; one small extra task.

☐ **Friday**

Laundry and bedding that need washing; dry completely and put away.

☐ **Weekend**

One missed task or an optional detail. Leave room for a quieter day.

ONE THING TO MAKE EASIER NEXT WEEK

Follow product and surface-care instructions. Never mix cleaning products. Keep supplies away from children and pets.
